

FLORIDA DEPARTMENT OF TRANSPORTATION - DISTRICT FOUR

INVITES YOU TO A VIRTUAL PUBLIC INFORMATION WORKSHOP

SR A1A NORTH CAUSEWAY BRIDGE FROM US-1 to APPROXIMATELY 2,000 FEET EAST OF EXISTING BRIDGE

St. Lucie County, Florida

Financial Project ID: 429936-2-52-01

The Florida Department of Transportation (FDOT), District Four will conduct a Virtual Public Information Workshop regarding improvements for SR A1A North Causeway Bridge. The virtual workshop will have a brief presentation followed by a question/comment session where attendees can ask questions and/or make comments via the chat tool. Project information will be posted at www.sra1anorthbridge.com. Those interested in learning more are encouraged to attend.

PROJECT LOCATION

JOIN US AT THE VIRTUAL PUBLIC INFORMATION WORKSHOP

Date: Wednesday, January 27, 2021

Time: 5:30 p.m. to 6:30 p.m.

- To join the GoTo Webinar workshop or to ask a question: <https://attendee.gotowebinar.com/register/2141629159931409934>
- If you prefer to dial in by phone, call (213) 929-4212 Audio Access Code: 436-984-198
- If using a mobile device, the free "GoTo Webinar App" will be required.
- If you are unable to join the workshop, a recording will be posted at www.sra1anorthbridge.com for 180 days.

YOU MAY SUBMIT A QUESTION BEFORE OR AFTER THE WORKSHOP

PROPOSED IMPROVEMENTS

- Bridge replacement provides a high-level fixed bridge with navigation clearances of 85 feet vertical and 125 feet horizontal.
- Bicycle lanes on both sides of the bridge, 8-foot sidewalk on the south side, and 10-foot shared-use path on north side. Addition of a shared-use path along Old Dixie Highway to connect Suntrail and the East Coast Greenway.
- New bridge will span over FEC Railroad and Old Dixie Highway. As a result of new bridge connecting directly to US-1, there will be three additional roads: New access road to businesses to the east of FEC Railroad, extension of Juanita Avenue, and an extension of Sunny Lane.
- Improvements to Old Dixie Highway between Juanita Avenue and Sunny Lane.
- Observation deck and parking under the new SR A1A bridge.

MAINTENANCE OF TRAFFIC

- New bridge will be constructed north of the existing bridge. Navigation traffic will be maintained throughout construction and vehicular and pedestrian/bicycle traffic will remain on the existing bridge until completion of the new bridge.

CONSTRUCTION INFORMATION

- Construction is scheduled to begin in early 2022 and be completed by 2026
- Construction Cost Estimate: \$79 million
